Importing Goods To Spain

Britannia moving to/from Spain

Spain and its islands have always been a popular European destination for people looking to move overseas. For many years Britannia has been providing a regular removal service between the UK and Spain, and can offer a door to door service if required. Many of Britannia's network of companies specialise in moving regularly to Spain. With the support of our relationships with local Spanish removal companies we can also offer site surveys, access to additional resources as well as secure storage facilities in Spain, allowing Britannia to offer you a complete moving package.

Importing Your Personal Effects

Spain is a full member of the EU, therefore used household goods and personal effects can be imported duty free from other EU countries. For customs clearance; documentation required should be merely a copy of your passport, but in some of the Islands they still ask for a copy of your rental agreement/house purchase document. Britannia will advise you of the requirements prior to your move.

Transit Times

Transit times can vary subject to the method of transport chosen, size of your consignment and where you are moving to. Britannia will advise you once this information is established.

Prohibitions and Restrictions

In general it is in your interest not to import the following items:

- Firearms & ammunition
- Inflammable goods & substances
- Plants & plant material
- Perishables or otherwise
- Alcohol, narcotics and dangerous goods
- Offensive material

Despite the 'free market' of the European Union there are restrictions in transporting some classes of goods across borders and within some countries. Several countries restrict the value or volume/weight of such goods as alcohol, tobacco and cigarettes. Recent changes to legislation in Europe means that it is now forbidden to travel through France en route to other countries in any vehicle carrying more than a minimal amount of cigarettes or alcohol. If a vehicle is stopped and searched and these are found amongst household effects there are large fines plus the costs of delays to the vehicle and costs to any third parties who are thus also affected.
