## Importing Goods To The TRNC

### Britannia in T.R.N.C.

Britannia has established a long standing and successful relationship with a network of dedicated removers, who will assist you with your destination services. Their full contact details will be sent to you prior to the forwarding of your consignment. Our agents are part of our extended Britannia family and we meet with them on a regular basis to ensure high standards of service are maintained.

### Importing Personal Effects

Shipments of household goods and personal effects are allowed duty free entry, provided that they have been owned and used for at least twelve months prior to importation. All necessary documentation must be completed and submitted when requested, before your shipment is dispatched. Please note that you must be in the country in order to successfully complete all customs clearance procedures.

### Documentation

Britannia and our agents will assist you with completion of customs formalities. To assist us with this please let us have a copy of your passport (and visa if applicable).

The required documentation will be supplied to you on arrival. To avoid any potential additional charges and delays it is advisable that relevant forms are completed and returned promptly to our Agents.

### Prohibitions and Restrictions

In general it is in your interest not to import the following items:

- Firearms & ammunition
- Inflammable goods & substances
- Plants & plant material
- Foodstuffs, perishables or otherwise
- Alcohol, narcotics and dangerous goods
- Offensive material

### Transit Times

Groupage or shared consignments usually take 8 – 12 weeks door to door. However, this can vary depending on volumes being shipped, customs or immigration delays and prevailing weather conditions. Sole use containers usually take 6 – 7 weeks door to door.

### Tracking Consignment

All groupage consignments will be bar coded before they are loaded into the shipping container. This will ensure that no items are left at origin and allow Britannia to check the status of your goods in transit.

## Welcome To Britannia in The TRNC

### Customs clearance

It normally takes five to ten days for customs clearance and delivery. The time taken to clear goods through customs can be affected by government policy, x-raying of goods, physical inspection, volume of traffic and the levy of any import duties or taxes. You will need to visit customs in Lefkosa (Nicosia) with our agent in order to complete customs formalities.

### Destination Services

Exclusive containers will most likely be cleared at the residence at time of delivery. Expect to pay customs duties on large electrical items, which must be paid in cash at the residence. It is normal practice to deliver in the evening, so we recommend you ensure good access and lighting at your new home. The effects will be unloaded from the container and delivered into your new home.

### Storage

Should you require storage prior to delivery, we recommend that you store the effects in the United Kingdom before dispatch, and ensure that your new home is ready to receive the goods once they are shipped. Please make sure that your marine insurance policy is extended for the period of the storage.
